

German Pinscher Survey 2022

The objective of the survey is to identify, to what degree our breed suffers from undesirable behaviour. If the analysis indicates a too high degree, there should be foundation for, letting future breeding approval depend on the mental capabilities of the dog.

Dog Name: _____ Sex: M/F _____ Pedigree N°: _____ Born Year: _____

The form: Please indicate with one circle per line, which behavior item best describes your dog, you can use the backside of this form for comments.
